Hi Kirsten,

Hope you are enjoying yourself in Europe.

We are 100% focused on the budget right now. That is our priority. Everything with regards to it looks positive. It's always about the details.

Answers to some of your questions.

Fire District meeting out at Station 77 was fine. Chip and I attended. No CC members were available. Harold spoke at length about the District's need for a new larger Station 77. Peter Carpenter and Rex Ianson were there representing the Board. There were probably 20 residents present; Sheryl, Rose, Terry, and some of the regulars were there. Some faces I didn't recognize. Neither Chip nor I spoke. Peter C. made commented that he has no interest in investing in Station 77 if the District doesn't own the land. And, he stated that eminent domain is not off the table, particularly as it relates to commercial properties and the City property. I trust this is not the last we will hear of this.

FB design for downtown has not moved forward. John Tenanes has been out of town and he is not due back until later this week.

Mid-Pen project is now up to approximately $11 million in city contribution (we only have $7 million) and this request is before any city funds for a library. Their request is still not fully formed and there remains a lot more questions than answers at this time. We will continue to pursue these answers.

We have a tentative agreement with the Police Sergeants group. That is incredible news for us. And we did so within the Council authority.

Prepping for tonight's meeting. Should be a brief one.

Off to the meeting.

Ciao…

Subject: Fwd: Oppose AB1250

Hi Alex,

The LCC opposes this bill. Please prepare a letter fir me to sign to oppose it.

Also, please email an update about what's happening in MEnlo Park. How was fireboard meeting? How are we moving forward with FB design competition? Mid pen? I'd appreciate an update on everything.

Thank you. KK

Honorable Mayor and Council Members,

I am writing to you to urge you to publicly oppose AB1250, currently making its way through the California legislature. This bill will impose onerous and costly constraints on cities' ability to use contractors when needed to provide city services, a situation that will certainly increase the Menlo Park's costs to provide those services. The alternative is to hire full time City staff who will add to the pension burden that we already struggle to fund.

I encourage you to join the League of California Cities by communicating your opposition to this poorly crafted piece of legislation to the appropriate parties in State government.

Regards,

Frank Tucker
Menlo Park resident
